SOUND DOCTRINE FOR SOUND LIVING, PART 2
TITUS 2:4-8

MAIN THOUGHT & OUTLINE

Show yourselves to be a mature Christian church by receiving the sound doctrine preached and putting it into action in your life together.

- I. Putting It into Action as Younger Women (v.4b-5)
- II. Putting It into Action as Younger Men (v.6-8)

QUESTIONS FOR REFLECTION & DISCUSSION

1. Like us, Paul lived in a culture that was very opposed to the gospel in preaching and in practice, yet he didn't shrink back from declaring truths like how Christian homes ought to be structured. What can we learn from this? Do we shrink back from boldly structuring our lives God's way?
2. How does Scripture counter the world's teaching and practice that indulgence is better than self-control? What hope does Scripture give us that we can live a self-controlled life?
3. How can we help our children already begin to live their lives by the principles of this passage even if they are years away from the possibility of marriage or children?
4. Boys and girls, do you pray for those who should set an example for you? Like your parents, pastor, and elders?
