WHERE DO YOU GET YOUR WATER?
PROVERBS 5:15-23

MAIN THOUGHT & OUTLINE

The pure and satisfying water God gives in marriage is good and emphasizes that immoral intoxication is utterly foolish.

- I.** The Only Pure & Satisfying Water (v.15-17)
- II.** Drink Deeply & Be Satisfied (v.18-19)
- III.** Why Would You Want to Drink Anything Else? (v.20-23)

QUESTIONS FOR REFLECTION & DISCUSSION

1. Why is self-control and purity needed as much inside marriage as before it?
2. How is this passage first and foremost about the relationship between God and his people, before it is about the relationship between husband and wife?
3. How should you let the Scriptures speak more into the sexual part of your marriage relationship than it does?
4. What other ways can you and I spend time focusing on what is good and pure in order to stir our hearts to a disgust of that that which is impure and ungodly?
