QUESTIONS FOR REFLECTION & DISCUSSION

1. Why does it matter that baptism is first about God's grace before it is about your faith? If it was first about faith, how would baptism preach a radically different message?
2. What is a struggle you have that could be helped by the application of baptism's meaning and significance?
3. From today's passage, how would you respond to someone who thinks that deliberately sinning to gain more grace is a good way to live?
4. Covenant children – what blessings do you have because you are in a covenant home? What responsibility do you have?
